## POULTRY EXHIBIT.

PLYMOUTH WILL HAVE A POULTRY SHOW CHRISTMAS WEEK.

Marshall County Poultry Association Have the Work Well Under Way. Exhibit Will Occur From December 24 to And Including December 28—Will Bring Many Visitors to the City.

The Marshall County Poultry association is arranging to give a poultry show in Plymouth from December 24th to and including December 28th. A premium list pamphlet is now being printed and copies will be sent to poultrymen in all parts of the state, as well as to the farmers of Marshall county. Cash prizes will be offered in all classes of poultry and it is expected that there will be a large exhibit of fancy birds from abroad. Poultrybreeders of Whitely and Kosciusko counties have already notified the association that they will be here to exhibit their best breeds in the poultry line. D. A. Stoner, of Rensselaer, a prominent poultry judge, has been secured to pass judgment upon the birds that will be on exhibition at the Plymouth show. A room will be secured in the business portion of the city where the poultry can be properly shown. It is confidently expected that this poultry show will bring several thousands of farmers to the city during Christmas week, resulting in the growing of a better grade of poultry generally in this locality.

**Death of Mrs. Margaret Speyer.**  
Mrs. Margaret Speyer, widow of Capt. Henry Speyer, died Tuesday afternoon, at the age of 72 years at Culver, Ind. The remains were brought here Wednesday on the noon train and the burial was at Oak Hill cemetery.

The deceased had been a resident here for a number of years, prior to moving to Culver, where Capt. Speyer died about 13 years ago. Five children survive her—Mrs. Merriam Korp, Culver; Mrs. Eva-Wm. Porter, Culver; Mr. Henry Speyer, Culver; Mrs. Sarah-Henry Maxwell, Yonker, N. Y., and Mr. Jacob Speyer, New York City. She was a member of the Episcopal church. Rev. Taylor, of Culver, will officiate.

**To Be Incorporated.**

Bishop White has announced the resignation of Stuart MacKibben, of South Bend, as chancellor of the diocese and the appointment of the Hon. Johannes Kopeke, of Lake county, to the position of legal adviser to the bishop. Bishop White reports that Chancellor MacKibben, and himself had secured the passage of an act permitting the diocese to incorporate, and that the necessary papers will be prepared and the incorporation perfected in the near future.

**Emanuel A. Fink, Jos. W. Hess, Miss Jennie Shadel.**

**Clem Studebaker Near Death.**

Clem Studebaker, manufacturer, philanthropist and public-spirited citizen, is dying and is expected to pass

within a few hours. He has been in poor health for some time, and last night was stricken with stomach trouble and suffered a sinking spell. A temporary rally was followed by another sinking spell. Dr. C. A. Daugherty and Dr. C. C. Terry of South Bend, and Dr. Quine, of Chicago, are at the bedside, but they have little hope that their patient will survive.

Mr. Studebaker is 70 years old, and is the president of the Studebaker Brothers' Manufacturing company, the most extensive vehicle making concern in the world. Beginning life as a poor boy, he worked his way from the blacksmith's forge to be one of the best known men in the United States. He was a personal friend of President Harrison and President McKinley.

Mr. Studebaker spent a part of the present year in Europe in the hope of benefit to his health, and this was partially realized. He suffered a severe fall at the pier in New York just after landing, however, and this gave him a severe setback.

**Reported Diphtheria.**

It is reported by Dr. Johnson that diphtheria has developed in the home of Charles Snyder in the country several miles southeast of Bourbon, the seven-year-old child being the victim. Dr. Johnson promptly quarantined the case. It is thought that no one has been exposed to the dreadful disease and that no more cases will develop.—Bourbon News-Mirror.

**Death of Benjamin F. Stephens.**

## BONUS IS RAISED.

PIANO FACTORY WILL OCCUPY NOVELTY BUILDING.

Guarantees Soon to Have a Hundred Men to Work—Will Invest \$25,000 in Machinery at Once in Novelty Building—Plymouth Has Prosperous Future.

The required amount of money has been subscribed to secure the piano factory and the concern at Chicago has been notified to come on and close the deal. Only \$1 were needed yesterday and there were promises sufficient for more than this amount. In consequence the business men notified the piano concern that all was well at this end of the line. If the city should not remit 'he taxes, it would yet be necessary to secure about \$200 more, but it is reasonably assured that the common council will remit them. This may be done legally, but there would be no objections even if not in strict conformity with the statutes. By remitting \$200 of taxes now and thereby getting a concern with an additional investment forthwith of \$25,000, the taxes that would accrue to the city would be far in excess of the small amount which the council would remit. There is evidently no reason to believe that the council will do anything else but remit the taxes.

The concern which comes here is engaged in the manufacture of pianos and is at present turning out a dozen high grade instruments each week. They expect to increase their output when they become established in the Novelty building.

With the coming of this factory every vacant house will be filled within a few months. It is not unlikely that another concern will in the near future see fit to appropriate the old wagon works building and in that event there will be demand for many new homes. Next year promises better for Plymouth than has ever been her prospect in the past.

**Council Proceedings.**

The common council met Wednesday evening, but transacted very little business.

Atty. Loran appeared for Arthur O'Keefe to obtain permission of the council to plat the lot recently purchased by him on the corner of Garro and Center streets. This permit from the council was essential in order to conform with the statutes. The council granted the permission.

The commissioners submitted their report on the North Michigan street pavement. It shows that all adjacent property owners have been benefited and none damaged. The commissioners have not yet made the assessments upon the different property owners.

This is to be done at the next meeting.

D. Frank Redd, secretary of the Business Men's association, appeared and asked the council to remit the taxes against the old Novelty building which will be due the city next May. The matter was referred to the legal phase of the matter at next meeting.

**Death of Mrs. Botha Cannon.**

Mrs. Botha Cannon died Wednesday evening at 5:30 o'clock at her home in South Plymouth. She was nearly 50 years of age and has been suffering for several years with consumption, which caused her death. She leaves a husband and four children—three boys and a girl, to mourn her death.

The funeral will be held today afternoon at 1:30 o'clock at the home and the remains will be laid to rest in Nyhart cemetery, northeast of this city.

**LOCAL BREVITIES.**

The remains of Mrs. Margaret Speyer were brought to this city on the noon train from Culver, and interment in Oak Hill cemetery.

When the fifty-seventh congress meets next month it will contain no representatives of the Populist party, so far as the senate is concerned. Neither will there be any free silver republicans, but the lines will be strictly drawn between the two parties, and each member of the upper house of congress will be classed either as a republican or a democrat. There will be no third party represented in the senate.

**Poultry.**

Turkey time for Thanksgiving is over for us. We have had a big run. There will be a slack demand for a while and prices will ease off to some extent. We will want them to commence coming again. Spring chickens are little low this week, there is a probability of the price doing better soon. We are here all the time. We will go with the general markets and always endeavor to pay full market value. It is to our own interests that we do this. Don't feed poultry the day you market it. Watch your local papers for a few weeks. Truly,

J. W. SWINDELL & BRO.

C. DILL.

**Over-Work Weakens Your Kidneys.**

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effects of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.
